Arctic Community-driven Education Program: From Research to Impact

by

Maéva Gauthier

PhD Candidate

Community-based Research Lab

University of Victoria

**Moderated by Dr. Jeff Birchall, School of Urban and Regional Planning,
University of Alberta; Lead, UArctic Thematic Network on Local-scale Planning,
Climate Change and Resilience**

Maéva will share the behind-the-scenes of a creative education program based on climate change adaptation research from her community-based research in Tuktoyaktuk which incorporated Inuit youth participation and graduate students from U of A's Climate Adaptation and Resilience Lab.

November 30, 2023, 12-1pm MST via Zoom. Sign up via [Eventbrite](#)
